# WELCOME

MICHAEL CARTER - CEO, FOOTBALL SA

It is a pleasure to welcome you to ServiceFM Stadium for the Grand Finals of the inaugural Youth Club Championship Grand Finals.

The YCC Finals mark an exciting step forward for Football South Australia, showcasing our most promising young players and providing a platform that supports their development and progression within the game.

This competition is about opportunity, it is about bridging the gap between community football and the elite level, while celebrating the enjoyment and spirit of the sport.

Throughout the season, we have seen the depth of young talent across the state and the dedication of clubs, coaches, referees, volunteers, and families who make it all possible. The standard of football, teamwork, and sportsmanship has been outstanding.

This weekend's matches are a celebration of that commitment. Congratulations to all the teams who have earned their place here, you have set the foundation for what this competition will grow to represent in the years ahead.

Enjoy the football and the occasion, it is a proud moment for our game.

**Michael Carter**

# ABOUT THE YCC

The Nova Youth Club Championship (YCC) is a premier competition designed to bring together top-tier youth football teams, emphasising the holistic development of players, coaches, and match officials. At its core, the Nova YCC promotes a collaborative and respectful environment, ensuring the football community thrives collectively.

The Nova YCC recognises and rewards clubs that uphold best practices, focusing on comprehensive player development. This approach not only enhances individual skills but also cultivates positive behaviours that contribute to the overall growth and improvement of the sport, providing a clear developmental pathway for players.

The previous competition formats (Junior Premier League (JPL) and Junior State League (JSL)) often allowed players to move freely between competitions, leading to a blurred competitive structure. The Nova YCC introduces a clear and structured pathway, ensuring players selected within it follow a defined progression, fostering consistency and stability.

To reinforce commitment and reduce player movement between clubs, the Nova YCC enforces a regulation where players are restricted to one club per season. This change aims to ensure dedication to the club and maintain the integrity of the competition.

In an effort to further enhance the player experience, the Nova YCC introduces club incentives. These incentives reward clubs that implement best practices, such as player tracking, video recording, and meeting minimum coach qualification standards. By recognising these efforts, the Nova YCC encourages clubs to create the best possible environment for player development.

Football South Australia (FSA) and the participating clubs acknowledge their shared responsibility in ensuring a positive match day experience. Through collective commitment, all stakeholders can influence the game day atmosphere, making it respectful, inclusive, and enjoyable for all participants. Football should always centre around the joy of the game, underpinned by respect, inclusion, and leadership at its heart.

The opportunity to enhance the game day experience for everyone involved has never been greater. Together, we can create an environment where every player, coach, match official, and spectator thrives, contributing to the growth and success of youth football.

“Youth development isn’t just part of football, it’s the foundation. When we invest in the next generation, we secure the future of the game. We all share the responsibility to support our young players, create a positive environment, and structure that helps them thrive in the game” - Michael Carter – Football SA CEO
